- ~ 91% confirmed this course will impact how they treat patients ~
- ~ Yes, 90% stated this course met a “professional gap” in their practice ~

Excerpts from the Course Evaluations include:

- *This information is now necessary in medical practice. Patients expect us to know about this and depend on us for recommendations.*
- *Very clear discussion of nutraceuticals to help patients achieve optimal health!*
- *.... Will add more to what I'm already doing*
- *Dr. Blumenfeld and his teams do an excellent job of providing current and comprehensive nutritional approaches*
- *I am interested to attend more lectures*
- *Well done program; overall excellent conference*
